## Notice of Study Commencement

### Schedule 'B' Municipal Class Environmental Assessment

#### George Reynolds Drive Extension from Courtice Road to Harry Gay Drive, Courtice

The Municipality of Clarington is undertaking a Schedule 'B' Municipal Class Environmental Assessment (EA) in accordance with the Municipal Engineers Association's Municipal Class EA document (2015). The purpose of this study is to investigate alternatives for connecting George Reynolds Drive from Courtice Road to Harry Gay Drive.

#### **The study area is shown on the included map.**

This new connection is proposed to support east-west traffic, transit, and active transportation systems across the Hancock Neighbourhood and northern Courtice. These requirements have been identified in the Hancock Neighbourhood Design Plan (1998), the Clarington Transportation Master Plan (2016), and in Clarington's Official Plan (2016).

You are encouraged to provide your questions and/or comments to either of the individuals identified below so that they may be considered as part of the project. More information will be provided at a Public Information Centre (PIC), to be scheduled at a later date. All those on the project mailing list will be provided with a notice of the PIC.
