

WHY TO ADOPT KATIE!

Hi, my name is Kayden and today I am going to talk to you about why you should adopt this wonderful dog named Katie. Katie is a six year old female German Shepherd cross. She is spayed so you don't have to worry about her having puppies and she is fully vaccinated, so that saves you a lot of money compared to doing all of that yourself. Here are just a few of the many reasons why you should bring Katie home with you today.

Why should you adopt katie? You should adopt Katie because she has been in the shelter for a year and a half and it will be two years in August! Katie is a dog great for households without kids so if you are a couple without kids or don't want kids, you should adopt a furry companion and Katie is just the perfect choice. If you enjoy watching tv, so does katie! So you guys could watch tv together. And she also enjoys walks so if you enjoy exercise or need exercise Katie would help you get in shape and be healthy. And if you're single without kids and are lonely, get a pet! And that pet could be katie.

Why she's a cuddly companion: Katie picks her favorite people so it might take a while for her to get used to you but once she does, I assure you she will be the best dog! She will be cuddly, loving, loyal and sweet. But who knows, maybe you and Katie just have a connection right away and that would mean she loves and trusts you! Katie is also a very smart dog who is a quick learner so that would also be less work for you. If you give Katie some time to trust you and get used to you, she will be the best dog you've ever had. If it's just your first dog she will be a great choice.

If you want to cuddle something you should get Katie to snuggle her with her fur coat. She will keep you warm and cozy and it will make you and Katie feel safe which will add to Katie's comfort around you. If you want to take her on walks you might need to give her a muzzle just at first. Also Katie doesn't like cats so if you don't have a cat you should get Katie because it would benefit her more without a home with cats. She will be better with a home where she is the only pet then you can get another dog eventually when Katie feels comfortable.

You could own a cuddly companion if you visit the Clarington Animal Shelter and give Katie a chance to win over your heart. She will be the best companion ever, if you just give her a chance, she will prove it to you. This concludes my reasons to adopt Katie so please adopt her. You could be a hero to Katie, so please consider adopting her.
